from citizen petitions:

- 73 **\$1.6 BILLION yearly income tax hike. NO.** #73 cancels your 2019 property tax cut. No money goes to “the kids.” HUGE pay raise for 100,000+ bureaucrats (under half are teachers) with no results. Ends flat rate income tax. Complicates all income, property tax bills. Taxpayers already pay **22%** of school salaries for pensions--the highest!
- 74 Compensate owners if future land regulations (like #112) lower property value. **YES**
- 75 If politician A spends \$1+ million of his own money, politician B can take donations of \$2,000. Who cares about rare cases? Pet project of former senator. Not needed. **NO**
- 109 Borrow \$3.5 BILLION (PLUS \$1.7 BILLION interest) for roads. State debt violates Article XI, sections 3-5 of state constitution. Deficits are “fiscal child abuse.” **NO**
- 110 \$767 MILLION YEARLY sales tax hike for 20 years to repay \$6 BILLION debt PLUS \$3.4 BILLION interest for roads, local “needs,” bike paths, buses, etc. **NO**
- 111 Reduce payday loan interest rate ceiling to 36%. You can’t protect the stupid. **NO**
- 112 New oil-gas drilling banned within 2500 ft. of buildings. Takes property rights. Huge drop in state and local tax revenue. Loss of jobs. Fears are false; costs are real. **NO**

Summary: stop slavery—YES on “A.” Fear what the politicians want; NO on the rest. Debt IS slavery (#109, 110). We ARE overtaxed (#73, 110). Y & Z are scams by ALL 100 career politicians. They made the problem we have now! Try again in 2020 without political bias by staff and judges. \$2.5 million bought radio-TV-mailers to rig districts against competition. Redistricting is now 1313 words; Y+Z are **12,390 words**, increasing the constitution **16%**!
